Production	Wayne DeBotte	0161 7283818	wayne.debotte@healthysales.co.uk
Emergency	Cliff Moss (MD)	07973288178	cliff@healthysales.co.uk
Certification	Approval Body & Cert No.		
Organic	NA		
ISO/BRC	BRC		
HACCP Y/N	Yes		

Product code /stock code	7020-500G-12
Brand	Rayner's
Brief Description of the Product Appearance	Vanilla Flavouring 500ml (2x6)

STATUS: Nature identical

Ingredient Declaration: Water, Propylene Glycol, Flavouring, Colour (E150 (d), Citric Acid (E330), Preservative (E211).

MICROBIOLOGICAL SAFETY

The risk of microbiological growth in Vanilla Flavouring is controlled by the high level of propylene glycol and preservative (sodium benzoate). Citric acid is added to bring the pH into the range at which the preservative is at its most effective. Microbiological quality of all Rayners products is monitored by an ongoing programme of product testing.

TRAFFIC LIGHT RATING SYSTEM

Substance	Green (low) per 100g	Amber (medium) per 100g	Red (high)
Fat	Less than 3g	Between 3g and 17.5g	More than 17.5g per 100g
Saturated Fats	Less than 1.5g	Between 1.5g and 5g	More than 5g per 100g
Sugar	Less than 5g	Between 5g and 22.5g	More than 22.5g per 100g
Salt	Less than 0.3g	Between 0.3g and 1.5g	More than 1.5g per 100g

Disclaimer:

The information set out in this specification and/or in any other document(s) provided with the products does not constitute any warranty other than conformity to the current product specifications. Any relevant legislation governing the use of the product should be observed by the user to ensure that the use of the products and any labelling is in compliance with any local, national or international legislation, regulation or standard. Nothing contained herein shall release the user from carrying out any relevant QC inspections of product(s) received. All other warranties, express or implied are hereby explicitly excluded. Please note that the raw materials & our products have been assessed for their safety and suitability of use in human food applications only, unless otherwise specified.

Allergens and Free From Claims:

Free from claims can only be made where legislative controls and applicable tests are undertaken. Healthy Food Brands only makes free from claims on relevant products for which these controls and tests may be satisfied.

All allergen cross contamination risks are assessed under a detailed allergen risk assessment programme which has been conducted and continuously reviewed. We cannot 100% guarantee absolute absence of contamination, for example adventitious, however the risk has been minimised via the use of management systems such as GMP, DNA/Elisa (and or other means) and HACCP. The absence of labelling does not infer a guarantee that the product is free from allergens.

This document is computer generated and consequently not signed. The information contained herein is to the best of our knowledge true and accurate.
